# Vestel Hospitality TV Solution

## Perfect Your Guests' Experience

***Our HotelTV solution will help to strengthen and enhance your business with minimal costs. We provide dynamic and essential service management tool and our professional technical support team provides setup and maintenance services at your convenience.***

Hospitality TV brings ultimate entertainment to your room. Our TVs will enhance the perception of your hotel and measure up to the standards of your affluent guests. We will provide you the best picture quality with sharper edges, more distinct images, more vivid colours and smoother look for fast moving objects. Your guests can view photos, listen to music or watch movies stored on the USB and will also find simplified remote control with multiple functions quite convenient. will enhance the perception of your hotel and measure up to the standards of your affluent guests.

## Vestel DigiGuest IP HotelTV Solution **DI Series**

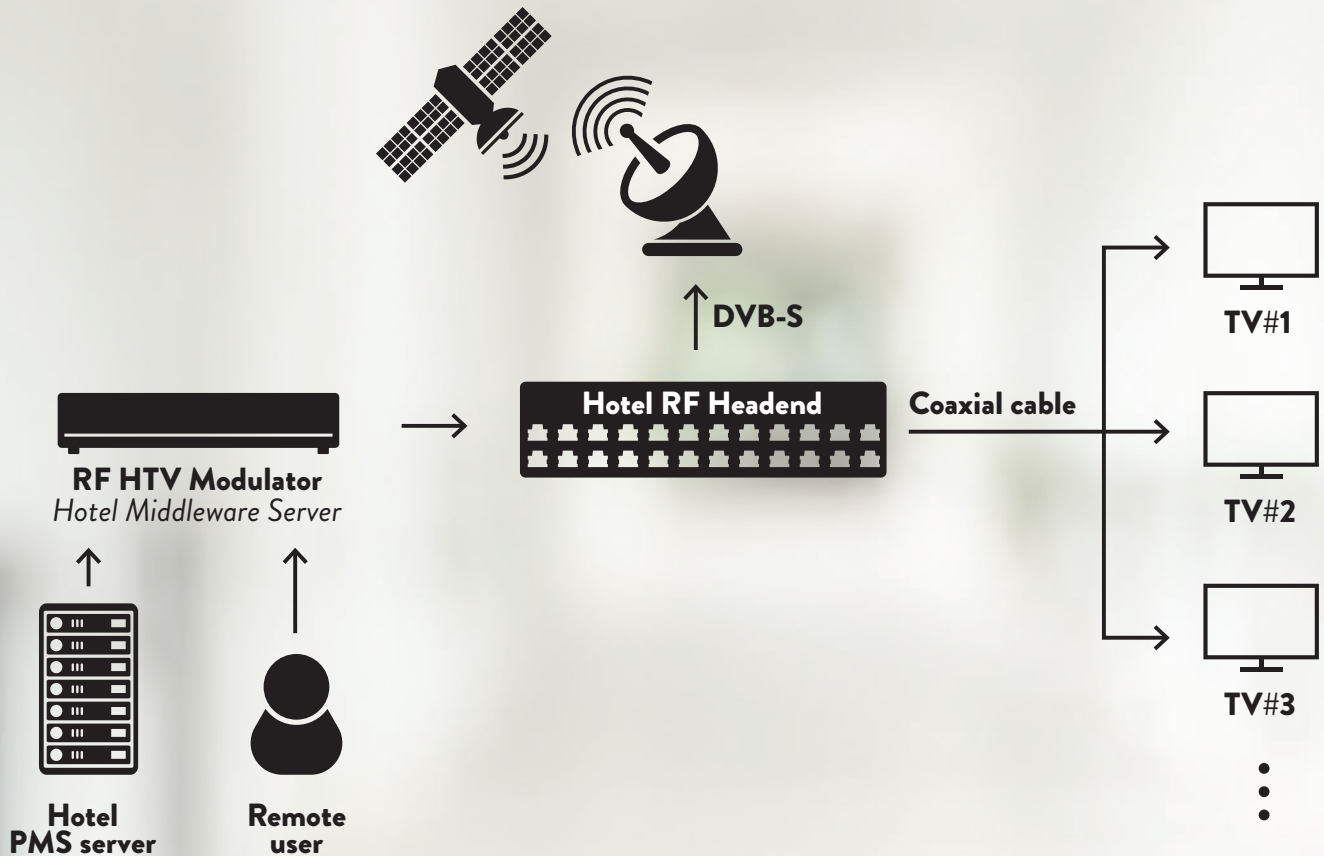

VESTEL DigiGuest IP HotelTV will help to strengthen and enhance your hospitality business, holding all features just like Coaxial solution with the addition of user feedback mechanism on top. Benefiting modern system design using data cables and IP infrastructure, and thanks to two-way interaction, it's possible to collect information and statistics from guests and deliver personalized contents.

## Vestel DigiGuest Coax HotelTV Solution **DC Series**

VESTEL DigiGuest Coax HotelTV comes with a range of value-added functions allowing hoteliers to maximise their guest satisfaction. As a software platform runs over existing RF coaxial cables, it offers a cost effective solution providing interactivity and hospitality services as well as distributing TV channels without reliable data & networking infrastructure.

# Architecture

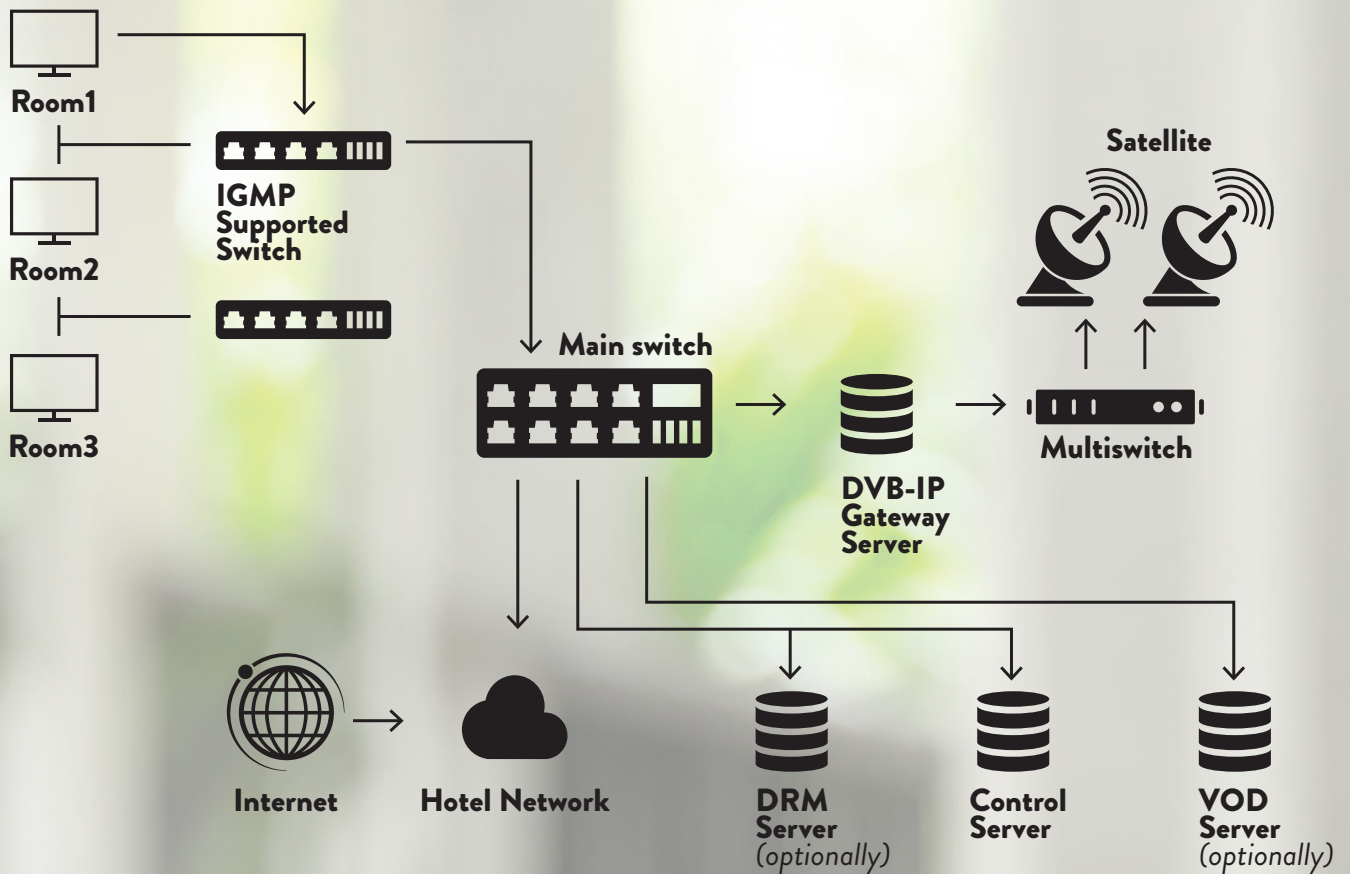

## Coaxial HotelTV Architecture

Coaxial HotelTV is an affordable solution for displaying hotel information. Once the desired information is created, it can be streamed to all TVs. It helps hoteliers to leave great impression upon their guests by giving high quality and dedicated service which help to strengthen and enhance your hospitality needs.

Hoteliers will enjoy efficient installation via USB cloning and dedicated hospitality features including smart channel listing, welcome screen and many more. It is designed for low power consumption delivering big and bright images at low installation cost.

## IPTV Architecture

*Our HotelTV solution will help to strengthen and enhance your business with minimal costs. We provide dynamic and essential service management tool and our professional technical support team provides setup and maintenance services at your convenience.*

*Our Smart Solutions focus on three core areas essential to the hospitality industry; entertainment, convenience, and efficiency. According to these ideas, we have developed and evolved a number of unique features that are built into the Vestel HotelTV. These features are designed to boost operational efficiencies, so you can focus more effort on your business-building initiatives.*

## Remote Management System

Remote management is one of the key features of an Hospitality solution. Digiguest IP HotelTV system provides a dynamic and essential service management tool for the hotel personnel via a customizable administration console. By creating users with different authentication levels, each user may have different responsibilities which provides security and simplifies operation.

## Interactive Services

Vestel HotelTVs can be used to extend IP or Coaxial solution's capabilities if worldwide web (internet connection) is available. Simply adding additional benefits with smart Applications YouTube, Netflix, Amazon Prime and more than +100 apps will be provided. The hospitality solution gives you full flexibility where to locate these apps, even in homepage. There are also predefined information services: About Hotel, Weather Forecast, World Clocks, News, Exchange Rates, Landmarks, Nearby Attractions, Flight Info, Telephone list and Custom Sliding Pages for guests to find out useful information about the place they are staying.

### **Express check in/out – PMS Integration**

The hoteliers can manage automated data exchange with PMS in order to ensure correct guest data to be present in Hospitality Interactive HotelTV System, to activate TV-set and welcome message before guest enter the room for the first time.

### **Triple Tuner + IP Streaming + Content Distribution**

The system provides the opportunity to select RF tuner and/or IP streaming to watch TV channels. IP streaming is performed via DVB-to-IP Gateways which have digital and analog input interfaces. Triple RF tuner allows guests to enjoy terrestrial, cable and satellite (DVB T2/C/S2) channels. Hybrid solution is also possible, such that system infrastructure enables IP communication for enhanced interactivity, but TV channels may be distributed over coaxial cables. Digital TV broadcasts, Video & Music on Demand contents and all types of OTT streaming can be encrypted by DRM solutions such as Microsoft Playready, Google Videwine and Marlin.

### About The Hotel

## Opera TV Store

Vestel Smart TV offers you to experience Opera Store that helps to reach various numbers of extensive apps on your Smart TV. Opera Store is an opening gate to group of astonishing apps which is optimized for Smart TV. With different app categories that it employs, Opera TV Store helps you to navigate, select and launch wide range of apps in its attractive portfolio.

Vestel Smart TV enables you to connect internet in order to perform common online operations like you do with your personal computer. Vestel Smart TV includes full open browser feature which is powered by Opera, so allows you to handle any kind of internet operations from visiting websites to dealing with e-mails. With its user-friendly UI, Opera web browser provides you best browsing experience available. Via Vestel air mouse or Vestel Smart Remote app you can benefit from the opportunity of an easier browsing experience.

Youtube is the world's biggest and most popular video sharing platform. The latest and greatest music videos, trends and channels are in here. You can also synch your mobile device to the app and enjoy the content. Being the most used app on Smart TVs through out the world, Youtube is essential.

Netflix is the most famous and essential VoD provider to watch movies and TV shows over internet connection. Vestel Smart TV enables you to watch thousands of movies and TV shows anytime you want and as much as you want via Netflix service. Having access to incredible world of TV episodes and movies, Vestel Smart TV instantly transforms your living room to a movie theater or a TV studio!

Vestel HBB (Hybrid Broadband Broadcast) TV feature provides a delightful entertainment to the users through the harmonized variety in broadband and broadcast delivery by extending the reach of multimedia content on your TV set. More entertainment services from broadcasters and online providers such as video-on-demand (VoD), interactive advertising, personalization, voting, games and social networking as well as program related services such as digital text and EPGs will be accessed by end-user.

BBC Sports offers users to access best sport coverage both with live streams and VoD. You can watch live sport events from tennis tournaments to rugby games. Besides, you can watch latest highlights and headlines for these delusive events. Major sport events available come to your home with Vestel Smart TV via BBC Sports.

Freeview Play is another smart portal that Vestel supports which includes BBC iPlayer, ITV, All4 and Demand5. You can enjoy catch up services of these channels via backward EPG, all in one place. Just connect to internet, open your Freeview Play and start watching without a subscription fee.

BBC News provides you latest news and highlights from global journalists. You can quickly find the topic you are interested in as well as reaching the news based on the categories you are interested in.

BBC iPlayer is an online VoD platform including whole TV shows as well as range of video clip contents. You can watch live contents and your favorite TV programs that you missed via BBC iPlayer on your Smart TV. Vestel Smart TV is all you need to meet your expectations from an online TV and radio service by providing you an opportunity to experience devastating entertainment show.

## DTS

Vestel is offering immersive audio experience option using DTS sound systems. DTS is a series of multichannel audio technologies owner. The company is specialized in digital surround sound formats used for both commercial/theatrical and consumer grade applications. DTS licenses its technologies to consumer electronics manufacturers and Vestel is the one of the manufacturers holds DTS license. Why sound matters? Mobile era has changed the consumer needs and content consumption habits. In order to satisfy viewers Vestel is offering higher quality

audio, which has less effect on bandwidth and more effect on likeability than picture quality, thanks to the DTS technologies. DTS 2.0, DTS TruSurround, DTS HD are already equipped with Vestel TVs. Keeping track of enhanced sound system technologies makes us move for newest DTS technologies as well, expecting to offer DTS Headphone X for Vestel TV range.

Experience supreme sound quality thanks to the integrated DTS on Vestel mainboards; enjoy concerts, movies or any sports program with sound excellence.

DTS Virtual:X simplifies the expansion of the surround sound listening by providing primarily the perception of height channels, without requiring additional speakers. DTS achieves 3D surrounding sounds natively without sound conversion process from 2D to 3D.

# Better Picture Quality

## MEMC

Algorithm to overcome the motion blur effect. MEMC technology detects movement patterns of the objects and apply interpolation between pixels, providing much more smooth video experience.

## HDR 10+

HDR10+ works differently than HDR10. It sends dynamic metadata, which allow TVs to set up colour and brightness levels frame-by-frame. This makes the picture look realistic. HDR10 aims to produce 1000 nits of peak brightness, whereas HDR 10+ supports up to 4000 nits.

Standard Technology

HDR Technology

## Super Resolution

Algorithm to solve the artifacts of  
*FHD to UHD or*  
*HD to UHD upscaling*

## Micro Dimming

Algorithm for better contrast and vivid picture quality. This is provided by deep analysis of each pixels, realizing dark and bright regions and applying separate backlight.

Standard Technology

WCG Technology

# DOLBY ATMOS<sup>®</sup>

## *Dolby Atmos Ecosystem*

### **Content**

Dolby has built relationships with studios and creatives

### **Creation Tools**

Spec mixing studios integrated Atmos into content creation

### **Cinema**

More than 3200 screens and 360+ Dolby Cinemas have Atmos

### **Distribution Tools**

HW & SW tools and audio codecs created for delivery

### **Distribution**

Atmos enabled on linear, VoD and OTT services

### **Playback**

Device manufacturers decode codecs for the Atmos experience

---

***A consumer can experience Dolby Atmos in the cinema and get that same Dolby Atmos experience in the home like no other sound solution.***

---

### ***Dolby Atmos for TVs***

A TV with front or down-firing stereo speakers using Dolby Atmos audio processing will provide breathtaking sound that has impressive clarity, richness, detail, and depth.

# DOLBY AUDIO™

## **DAP Device Processing**

Improves the audio experience for speaker playback.

## **Dolby Audio Processing Engine**

Dolby Audio Processing (DAP) is a suite of post - processing technologies designed to improve the audio playback experience on a TV using TV speakers.

Surround Virtualizer + Upmixer

Speaker Tuning

Media Intelligence

## Multiscreen Technology

Vestel Smart TV allows you to use your companion devices (tablet pc and smartphone) by synchronizing them with your Smart TV. Meanwhile, you can build multi-screen system at your home that upgrades you to a higher entertainment level. You can control your Smart TV with your mobile devices wirelessly, you can send multimedia contents from your devices to your TV in order to view them on TV screen and transfer TV stream to your companion devices to watch the stream on device simultaneously.

### Smart center

Vestel Smart Center is a mobile application that provides you a seamless mobile application experience on iOS and Android devices.

Smart Center allows users to perform following features:

- + FollowMe TV
- + Media Share
- + TV Programs and VoD
- + Social Media Interaction
- + EPG via Gracenote
- + Portal Launcher
- + TV Control

### Wireless display

Wireless display feature allows mirroring the screen of your compatible Android device to stream videos up to 1080p on your Vestel Smart TV. While you are streaming a video on your smartphone, you can simultaneously mirror the screen of Android device on your wider Smart TV screen to enjoy detailed and higher quality pictures on TV without using any cable. Moreover, it is possible to send up to 5.1-surround sound that enables you to experience high quality sound as well. Besides, you can just share the home screen of your device, to scroll between the apps on your Android device. Directly connect mobile device

to your TV and get a new perspective on sharing! Besides, wireless display technology allows users to send stream, photos, music, videos and apps from compatible Intel based PCs or portable devices to your wireless display compatible Vestel TV wirelessly. You can send up to 1080p video and 5.1 surround sound and have the opportunity to display the stream or multimedia contents on the bigger screen of TV with excellent picture and sound quality. You don't have to stick to little screen of your PC or portable device anymore. Just enjoy the new entertainment experience on your TV!

#### **TV control: voice control, touchpad, keyboard and remote**

You don't need your classical remote anymore! Via Smart Center, there are many options to control your TV over your mobile device. By using remote control panel on your mobile device; you can use your device as classical remote control. Moreover, you can use keyboard option while searching on internet. While using open browser, you can turn your mobile device into a touchpad controller. Attractively, you can give voice commands over Smart Center to control some features of your Smart TV.

#### **VCAST**

You can use your phone, tablet, or computer to control supported applications on TV. This feature of Youtube application helps the user to connect their personal accounts to their Smart Tv only with a few clicks. You will have the comfort and efficiency of your mobile devices while watching the content desired on your Smart Tv. Just make sure your phone, tablet, or computer is connected to the same Wi-Fi network as your TV device. You also have the option to link with a TV code.

### Followme TV

Do you have to do some work in kitchen and want to continue to watch your favorite program? Smart Center allows viewers to deliver the video stream from Smart TV to tablet pc. While watching your favorite program, just transfer the broadcast to your mobile device. You can take your mobile device with you and continue to watch your favorite program in your kitchen!

### Social media interaction

You can follow and send program related tweets or like your favorite programs on Facebook while watching your favorite TV program on your Vestel Smart TV. This way, you can connect to people all over the world that have the same delight with you!

### EPG via gracenote

EPG (Electronic Program Guide) data provides necessary information to viewers about TV broadcast prograing and program schedule for current and upcoming programs. Via Gracenote, Smart Center app will provide you broadcast schedule data and you will be aware of TV programs in details such as cast and crew. Moreover, you will be able to set reminders to watch your favorite programs as well as recording on time schedule of programs based on EPG data.

### Media share

Via Smart Center, it is possible to send music, pictures and videos from your mobile device to your Smart TV TV by swiping over DLNA protocol and view them full size on your Smart TV to enhance your viewing experience. For instance, you can display your holiday photos together with your family on your big screen quality Smart TV with a simple swipe movement.

### Portal launcher

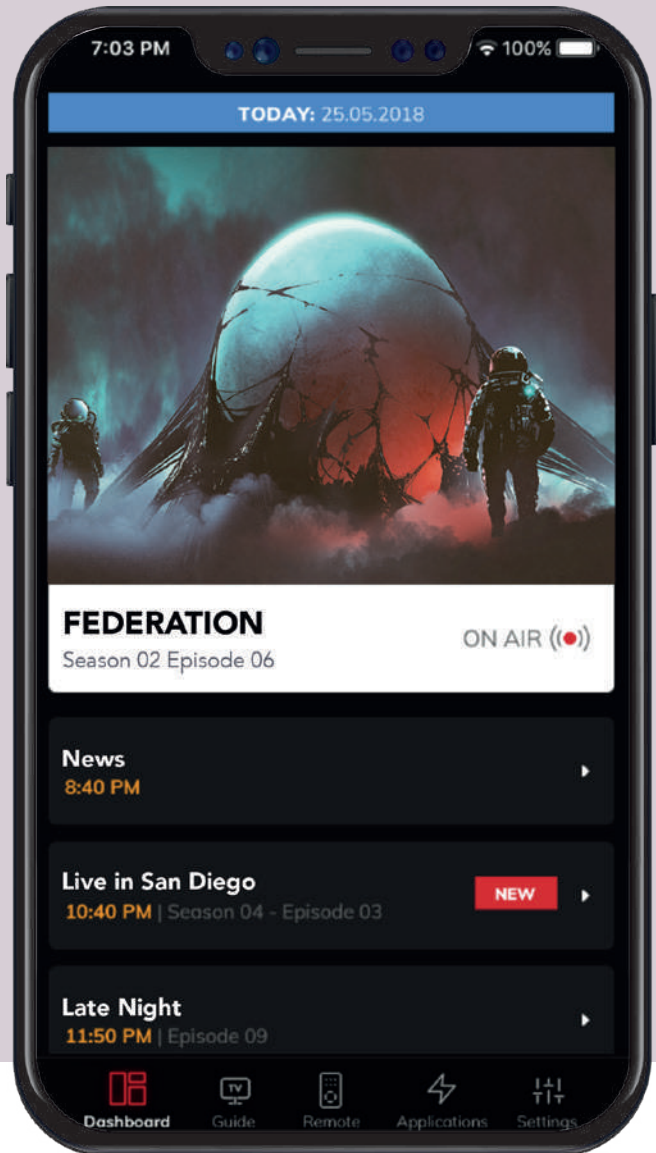

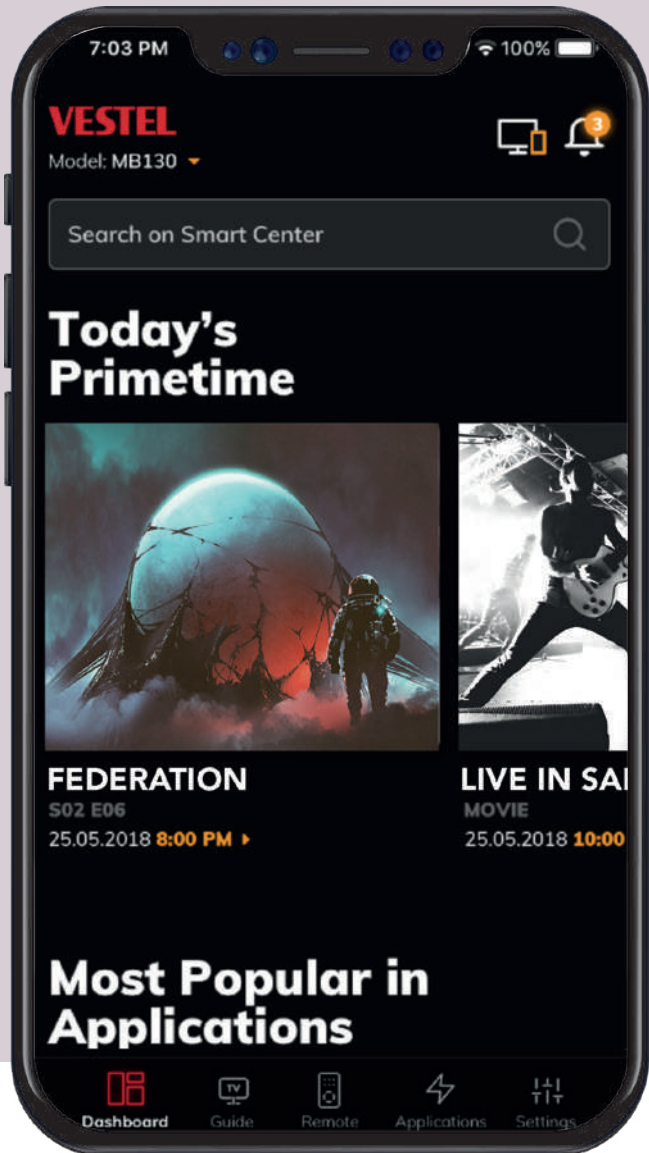

Viewers can launch Smart TV Apps from personal tablet PC. Without using classical remote control, via Smart Center, you can connect your mobile device to your TV and directly launch various Smart TV apps and open browser by using your mobile device.

### TV programs and vod (video-on-demand)

Viewers can browse TV channels, search movies or on-demand services on Smart Center. You can arrange your favorite TV channels, you can see the details of your favorite program and watch videos by using VoD that are related to your favorite TV program on internet.

## SMART REMOTE

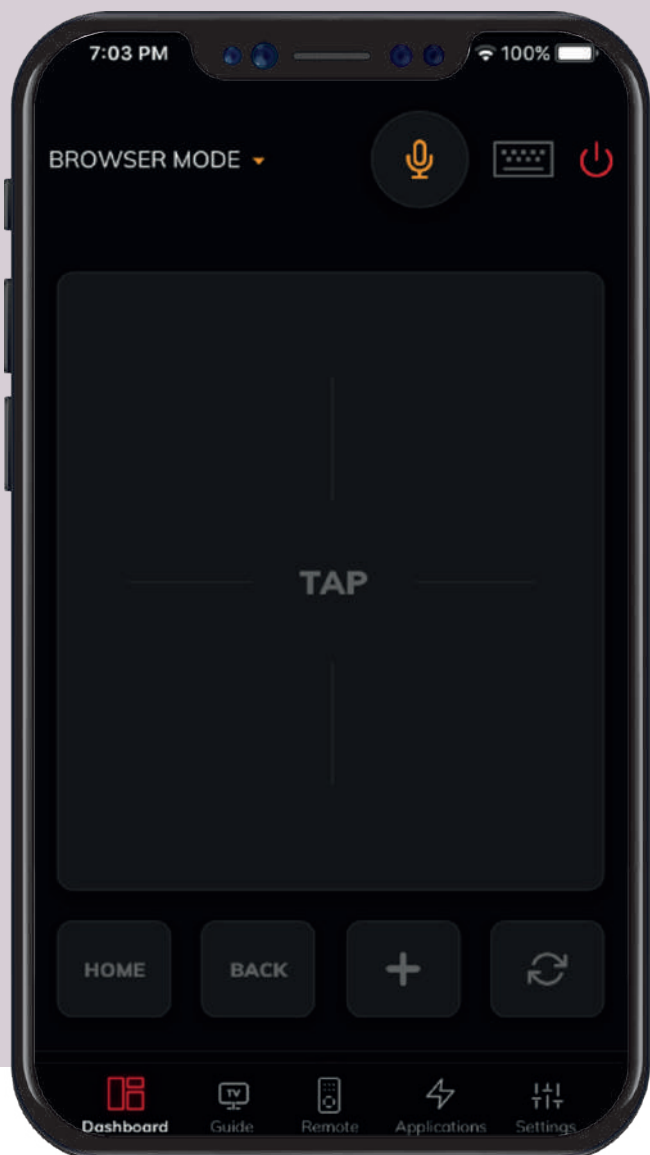

### Smart remote

Vestel Smart Remote makes it easier to use and control your Smart TV. Smart Remote app allows you to use your tablet pc and smartphone as substitutes of traditional remote controller. You can control your Smart TV by using different mode options: Remote buttons, Keyboard, Mouse, Gesture and Voice! Integration of these modes in single app allows you flexibility for a simpler user experience.

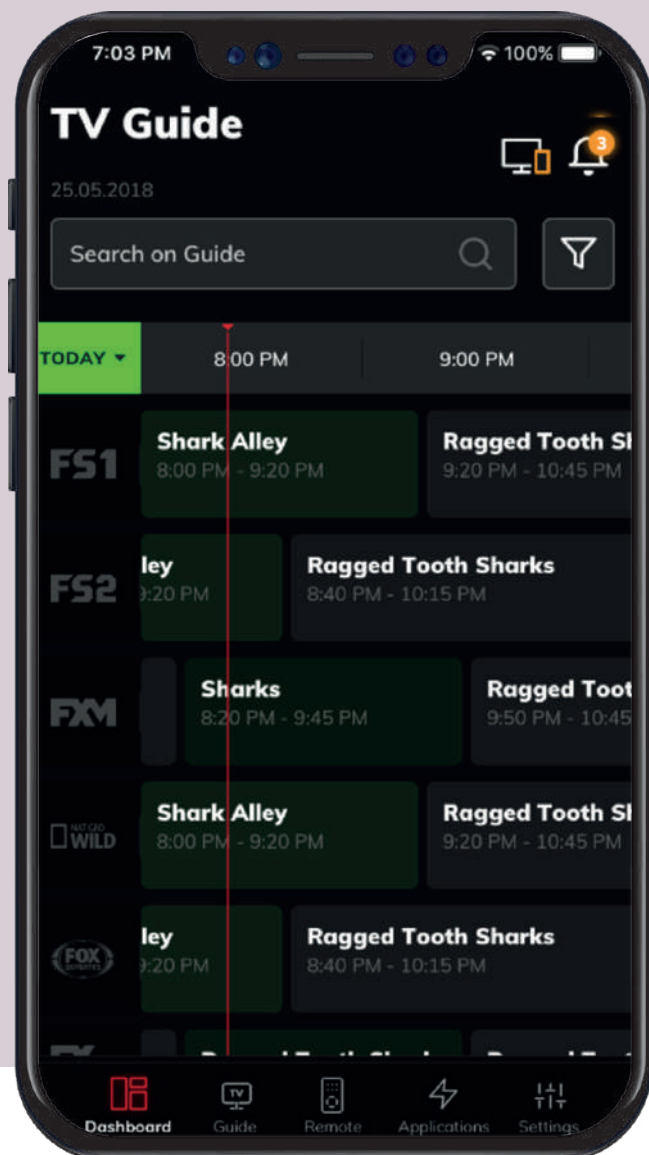

### Touchpad Mouse

You can use your Tablet PC and smartphone as a touchpad mouse to control the mouse pointer on your Smart TV.

### Remote buttons

Traditional remote control buttons are integrated into Smart Remote app. Therefore, you can use your Tablet PC and smartphone as a remote controller. Traditional mode is provided in an extreme technological style!

### **Multi IR RCU\***

In areas where there are multiple TVs installed, thanks to the Multi IR remote control unit, each remote can be assigned to a different TV with no signal interference from other remote controls. Up to four TVs can use this function simultaneously.

### **USB**

USB allows easy connection of external storage devices directly to your TV set. Via USB you can quickly connect external storage and access digital contents such as image files, video files and audio files. Simply connect your external memory source to USB port of Vestel TV to watch your favorite movies or to display photos that are stored on big screen of TV instead of being obliged to display these contents on the small screen of your computer. Plug yourself in bigger screen for higher pleasure!

### **One Channel List**

There may be several programs which can be received from terrestrial, cable or satellite broadcasts. VESTEL HotelTV provides a convenient channel list management with a single channel list which consists all the programs regardless of broadcast type.

### **BLUETOOTH**

Vestel Smart TV's Bluetooth feature helps you to connect you accessories to your TV via Bluetooth. You can connect your headphones, sound systems, compatible 3D glasses and Vestel Touchpad remotes to enrich your TV using experience. Bluetooth feature completely changes your classical TV using habits and a true item for you to multiply the joy you have while watching TV!

## HDMI

Through HDMI 2.0, you can experience the combination of pure sound and excellent visual content on your TV set. HDMI 2.0 is perfect and fastest source to transfer multimedia contents (video and audio) by providing clear pictures and clean sounds which results in an amazing user experience.

HDMI 2.0 provides, perfect source for potential UHD content and connection of various electronic devices to your TV set using only one compatible cable.

## Auto-Data Erase

Hotel TVs have the ability to clear all cache data for Smart TV applications such as Facebook, Twitter, Youtube, etc. This increases the security for hotel guests.

## Anti-Theft Battery Cover\*

The anti-theft battery cover is a simple screw lock providing a fool-proof security to prevent the remote control battery from being stolen. It just makes your life easier.

## DVB-T + C, DVB-T2 and DVB-S2

DVBT2/C/S2 Vestel TV employs the integration of DVB-T + C, DVB-T2, and DVB-S2 tuner which allow TV set to receive digital terrestrial cable, and satellite broadcasts without using a set-top box or a Pay tv receiver.

## Microsoft PlayReady DRM

Wide range of applications including VoD, sports, games, social media, and etc. with support of Microsoft Playready DRM.

**DVBT2/C/S2**®

**Microsoft**  
PlayReady

# Hotel Management

## Hotel Mode Features

Basic hotel mode is particularly configured mode which makes usage of TV more specific and more accurate for commercial TV business branches thanks to the features it includes. Some basic features provide enhanced differentiation and to the point meet of expectations in hospitality applications which can be accessed via special controller combination.

## Welcome Screen

Commercial logo, message or default pictures can be used and displayed at the start-up of TV. These can be displayed if the hotel mode is enabled. This feature allows you to benefit from customization at the high levels.

## Wake-Up Alarm

In hotel mode, guests can set a wake-up time and TV can automatically wake up at the desired time and an alarm rings to wake you up. Concurrently, welcome image is shown on the screen while alarm is ringing.

## Usb Cloning

USB cloning allows you to copy the settings of one TV to all other TV units in an easier way. For instance, you can copy the settings or channel list of one TV to high amounts of TV by using USB cloning. By this way, you can simply standardize all TVs without spending a lot of time. Helpful USB cloning feature prevents you from dealing with time-consuming installations and makes your life easier.

### Start-Up Position

This feature allows you to specify the starting channel when TV is switched on.

### Volume Limit And Fixed Volume Value

You can set the maximum and minimum values as you wish. If you set volume limit, you set the maximum value the volume can have. Moreover, when fixed volume enable is on, volume cannot be set to a value other than the fixed volume value.

### Custom Bootlogo

Custom Bootlogo feature allows you to choose your favorite photo such as your family photo, favorite nature photo and more for the opening screen of TV. Meanwhile, customization opportunity will make your TV exclusive for you!

### Osd Disable On/Off

OSD disable allows you to control TV settings and prevents guests from changing the installation settings. Users cannot reach channel table or installation menu and that means channel list and installation settings cannot be changed.

### Last Status

When 'last status' feature is set to on, this feature enables TV to open with the closing status. Otherwise, TV opens with standby status.

## Product Line-up

In terms of design and technology, Vestel offers considerably wide lineup range in order to meet broad expectations of people from a TV. Elegant slim models including ultra narrow bezel designs, quality metal applications or fashionable stand designs are all positioned in attractive lineup of Vestel. Flexibility, design capability and know-how of high technology allow Vestel to offer the most suitable product for your demand that fits your personal delight as well.
