Share workplace ideas and opinion freely.

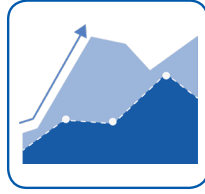

Microsoft Yammer

Better engage your employees.

Enable an open corporate culture through employee dialogue: a breeding ground for innovation.

Microsoft Excel Graphs

Make trends even more visible.

Share more of your data in a meaningful way with the right audience.

Microsoft PowerApps

Control screen content from anywhere.

Use easy to set-up high productivity apps to control your digital signage on any device.

Google Drive

Bring in more of your images and videos.

You now have even more flexibility to visually engage with the right stakeholders.

Bring public spaces to a new level of smart.

Deliver an immersive digital signage experience to your audiences. New Interactivity widgets help you get feedback and provide wayfinding and other useful information.

Greater integration with third-party content services.

The new Elementi brings you the most advanced palette of third-party content services like weather, finance, news, traffic and more for an even richer content experience on display.
